Instant Apache ServiceMix How-to Henryk Konsek

In Detail

Creating reliable integration solution can be easy if you choose the right tools for the job. Apache Camel and ServiceMix are the leading integration technologies dedicated to dealing with the complexity of the messaging solutions. Learn how to efficiently integrate multiple systems with bleeding edge open source Apache software.

"Instant Apache ServiceMix How-to" is a practical, hands-on guide that provides you with a number of clear, step-by-step exercises that will help you take advantage of the real power that is behind the leading Apache integration stack.

This book guides the reader in how to install ServiceMix and how to get it up and running. It will take you through a number of practical recipes – starting with the basic commands of Apache Karaf container and ending with the deployment of JMS and web service solutions.

Approach

Filled with practical, step-by-step instructions and clear explanations for the most important and useful tasks. Practical, step-by-step, recipe-based approach.

Who this book is for

This publication is dedicated to Java software engineers interested in messaging solutions and system integration. The book assumes that you already know the Java programming language and the basics of the OSGI specification.

The book focuses on deployment issues related to the latter technologies and possible solutions to them based on the ServiceMix container.

From reader reviews:

Robert Stewart:

Now a day people who Living in the era exactly where everything reachable by connect to the internet and the resources within it can be true or not call for people to be aware of each data they get. How people have to be smart in receiving any information nowadays? Of course the correct answer is reading a book. Reading through a book can help people out of this uncertainty Information mainly this Instant Apache ServiceMix How-to book because book offers you rich information and knowledge. Of course the data in this book hundred pct guarantees there is no doubt in it you may already know.

Lawrence Seay:

Do you have something that you enjoy such as book? The e-book lovers usually prefer to pick book like comic, quick story and the biggest the first is novel. Now, why not trying Instant Apache ServiceMix How-to that give your fun preference will be satisfied by means of reading this book. Reading routine all over the world can be said as the means for people to know world far better then how they react in the direction of the world. It can't be said constantly that reading addiction only for the geeky person but for all of you who wants to be success person. So , for all of you who want to start studying as your good habit, you are able to pick Instant Apache ServiceMix How-to become your starter.

Manuel Pina:

This Instant Apache ServiceMix How-to is great publication for you because the content which can be full of information for you who always deal with world and still have to make decision every minute. This book reveal it facts accurately using great organize word or we can state no rambling sentences included. So if you are read that hurriedly you can have whole facts in it. Doesn't mean it only will give you straight forward sentences but difficult core information with wonderful delivering sentences. Having Instant Apache ServiceMix How-to in your hand like getting the world in your arm, information in it is not ridiculous just one. We can say that no reserve that offer you world with ten or fifteen small right but this e-book already do that. So , this is good reading book. Hey there Mr. and Mrs. busy do you still doubt which?

Thomas Busch:

As a scholar exactly feel bored for you to reading. If their teacher questioned them to go to the library or even make summary for some reserve, they are complained. Just minor students that has reading's heart and soul or real their passion. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Instant Apache ServiceMix How-to can make you really feel more interested to read.
