"The focus of this book is to provide the reader with detailed information on the various aspects of SAP Process Integration (formerly known as SAP Exchange Infrastructure). The chapters are organized into different sections covering specifics around Adapters, ABAP and Java Developments, Business Process Management, Security and other aspects of SAP XI/PI. The book takes the reader through all major releases of XI/PI (XI 3.0, PI 7.0, PI 7.1) and also includes articles on the latest Enhancement Package (EHP1) for PI 7.1. You will find this covered in comprehensive detail, from basic development steps to XI/PI Server administration, addressing both performance enhancement and offering permanent fixes to common issues. We have compiled a collection of some of our best articles here that can be used as quick references or how to guides, as well as tips and tricks for dealing with common issues and solutions in real time Integration projects using SAP XI/PI." This book is the definitive resource in SAP Process Integration that no SAP professional should be without.
