Worlds of Work: Building an International Sociology of Work (Plenum Studies in Work and Industry) (Springer Studies in Work and Industry) Daniel B. Cornfield, Randy Hodson

The advent of transnational economic production and market integration compels sociologists of work to look beyond traditional national boundaries and build an international sociology of work in order to effectively address the human, scientific, and practical challenges posed by global economic transnationalism. The purpose of this volume is to promote transnational dialogue about the sociology of work and help build a truly international discipline in this field.
