The Culture of Equity in Restoration and Eighteenth-Century Britain and America

Mark Fortier

The Culture of Equity in Restoration and Eighteenth-Century Britain and America Mark Fortier

Drawing on politics, religion, law, literature, and philosophy, this interdisciplinary study is a sequel to Mark Fortier's book *The Culture of Equity in Early Modern England* (Ashgate, 2006). The earlier volume traced the meanings and usage of equity in broad cultural terms (including but not limited to law) to position equity as a keyword of valuation, persuasion, and understanding; the present volume carries that work through the Restoration and eighteenth century in Britain and America. Fortier argues that equity continued to be a keyword, used and contested in many of the major social and political events of the period. Further, he argues that equity needs to be seen in this period largely outside the Aristotelian parameters that have generally been assumed in scholarship on equity.
