Cop or convict?

How many faces can one man own?

An assassin wearing a holographic mask and a prison tattoo boards Rachel's freighter during a prison riot. He is intent on recovering gadgets, which are capable of changing a man's identity, from the black-market gang who'd stolen them. She's not sure of Jack's identity nor his goal, but he claims to be an Alliance I-Marshal. Cop or convict? The clues never stop contradicting. Rachel's horrified to find that the bright holographic mask conceals the gruesome face of a monster. And the badge doesn't stop him from murdering people right before her eyes.

When Rachel learns Jack will trade innocent lives for the digital miracles, she's determined to make the mercenary grow a heart. How could a stone-cold killer kiss her so hotly? How could she kiss such a dangerous deceiver?

Jack has done years in prison to learn who'd stolen the remaining Gemini ticks, 3-D magic. Nothing will keep him from gaining extreme-technology, capable of unleashing galaxy-wide chaos. Forget feelings for Rachel. She can't stop him from killing everyone involved.

Look for the other *I-Marshal Stories* sequels: *Vigilant* and *Gangbusters*. The stories may be read in no particular order.
