*The Art of Scouting* delves into the secretive world of hockey prospecting, a world more akin to Cold War-era spying than a casual day in the stands. Scouts decide whether a player has the talent to make the final step to the NHL-or not-but what they do and how they do it are a mystery to most fans.

Shane Malloy is one of the first media personalities to be welcomed into the world of scouting and brings to hockey fans an enlightening and fascinating narrative that explains the culture, history, science and art of hockey scouting. Malloy's unique experience-combined with interviews featuring scouts, coaches and hockey executives- will give readers a true understanding and appreciation for what scouts do and how they do it, what it really takes to make it to the NHL, and how to watch the game like a scout.
