Typically, educational leadership is not considered a moral-ethical undertaking. But educators face a dismaying array of moral-ethical challenges from academic dishonesty to sexual harassment every day in our nation's schools. *Ethical School Leadership* provides a systematic approach to resolving these school-based moral-ethical issues. It offers real world moral-ethical dilemmas, alternate theories of ethical decision-making, and differing philosophies of leadership. Present and future school leaders will find knowledge, dispositions, and performance criteria by which to evaluate case studies of moral-ethical leadership. This book provides encouraging, practical thinking about the moral-ethical problems facing our school leaders today and will be of interest to school principals, teachers, school board members, and students of education.
