Real Love: In Pursuit of Cultural Justice

Andrew Ross

Real Love: In Pursuit of Cultural Justice Andrew Ross

In *Real Love*, Andrew Ross, one of our preeminent social critics, explores the vital connection between economic life and cultural expression. From the consequences of cyberspace for work and play to the uses and abuses of genetics in the O.J. trial, from world scarcity to world music, Ross interrogates the cultural forms through which economic forces take their daily toll upon our communities and environment. Examining the effects of debates about race, technology, ecology, and the arts on social and legal change, Ross focuses in particular on how demands for certain forms of cultural justice often go hand in hand with injustices of other sorts, and shows why cultural politics are a real and inescapable part of any argument for social change.
