## **The Sun** Seymour Simon

In this completely updated edition of *The Sun* featuring beautiful full-color photographs, Seymour Simon presents a fascinating introduction to the star that is the center of our Solar System. Young readers will love exploring the wonders of the sun, from the constant nuclear explosions at its core to the sea of boiling gases that forms its surface.

Seymour Simon knows how to explain science to kids and make it fun. He was a teacher for more than twenty years, has written more than 250 books, and has won multiple awards.

This book includes an author's note, glossary, and index and supports the Common Core Learning Standards, Next Generation Science Standards, and the Science, Technology, Engineering, and Math (STEM) standards.

### **From reader reviews:**

#### **Judith Robinson:**

Book is to be different per grade. Book for children till adult are different content. As we know that book is very important for all of us. The book The Sun was making you to know about other information and of course you can take more information. It is rather advantages for you. The guide The Sun is not only giving you more new information but also for being your friend when you really feel bored. You can spend your own personal spend time to read your reserve. Try to make relationship together with the book The Sun. You never sense lose out for everything in the event you read some books.

#### **Michael Kelly:**

This The Sun book is not ordinary book, you have it then the world is in your hands. The benefit you have by reading this book will be information inside this reserve incredible fresh, you will get info which is getting deeper you actually read a lot of information you will get. This particular The Sun without we realize teach the one who reading it become critical in considering and analyzing. Don't always be worry The Sun can bring when you are and not make your carrier space or bookshelves' become full because you can have it with your lovely laptop even cellphone. This The Sun having fine arrangement in word and layout, so you will not sense uninterested in reading.

#### **Paul Mackey:**

Here thing why this kind of The Sun are different and reliable to be yours. First of all examining a book is good but it really depends in the content than it which is the content is as scrumptious as food or not. The Sun giving you information deeper as different ways, you can find any e-book out there but there is no e-book that similar with The Sun. It gives you thrill studying journey, its open up your own personal eyes about the thing that happened in the world which is maybe can be happened around you. You can easily bring everywhere like in park, café, or even in your way home by train. In case you are having difficulties in bringing the imprinted book maybe the form of The Sun in e-book can be your alternative.

#### **Paul Quintana:**

The reason? Because this The Sun is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will distress you with the secret it inside. Reading this book beside it was fantastic author who write the book in such incredible way makes the content within easier to understand, entertaining technique but still convey the meaning completely. So , it is good for you for not hesitating having this any longer or you going to regret it. This amazing book will give you a lot of gains than the other book get such as help improving your proficiency and your critical thinking means. So , still want to delay having that book? If I were being you I will go to the book store hurriedly.
