Dark Energy (Penguin Poets) Robert Morgan

A new collection from the awardwinning poet and author of the bestselling novel *Gap Creek*

In the words of *Poetry* magazine, Robert Morgan's poems "shine with beauty that transcends locale." The work in his newest collection, rooted in his native Blue Ridge Mountains, explores the mysteries and tensions of family and childhood, the splendors and hidden dramas of the natural world, and the agriculture that supports all culture. Morgan's voice is vigorous and exact, opening doors for the reader, finding unexpected images and connections. The poems reach beyond surfaces, to the strange forces inside atoms, our genes, our heritage, and outward to the farthest movements of galaxies, the dark energy we cannot explain but recognize in our bones and blood, in our deepest memories and imagination.
