*Edward Carpenter: In Appreciation*, first published in 1931, presents a collection of tributes to and reminiscences about the renowned socialist poet, pioneering gay rights activist, environmentalist and political thinker. Embroiled in controversy with prominent figures of all political persuasions in the late nineteenth and early twentieth centuries, Carpenter's vision of sexual freedom, democracy and an end to commercialism was maintained with integrity over the course of his whole life. These portraits and anecdotes testify to a man of both determination and warmth, whose writings, though inspirational for many up to the 1960s, are seldom read today.
