Emma Bentley is a professional medium, and she's the real deal: a kid-you-not, bona fide psychic. Not being up front about her abilities in the past has lost her the love of her life but now – and perhaps because of it – she's more determined than ever to be who she is and not pretend otherwise. There are people in her life who know her well and fully accept her abilities but they constitute a rare group of believers. Using her talents, Emma gives her all to help both clients and friends, although more often than not, this proves to be no easy feat. Unable to control the flow and content of visions and information reaching her through the ether, she generally has to piece things together to make a qualified guess, which at times can leave her barking up the wrong tree.
