Blush: This is a suggestive romance (love scenes are not graphic) Rom, Wick, and Glys have come to Earth on a mission that will soon have them at each other's throats...literally. Their roles are written in blood, and their actions compelled by long-forgotten oaths — oaths, which they would no longer consider either honorable or ethical to fulfill. For the people they've become, in the personas they've fought so hard to establish, there is no place for a bloody battle between duty and destiny. Only by coming to terms with their present, and the deadly bloodlust which threatens their futures, can they survive long enough to challenge the past.
