Are you doing what you want on Wall Street?

Are you doing the job you want? Are you getting paid? Promoted? Are you creating the career options you want? You are most certainly working hard, but is your career working hard for you?

Fifteen years ago when Geoff Blades stepped back from his career at Goldman Sachs and began asking those questions, he had no idea where it would lead. What began as the goal to find better answers in his own career led Geoff to become obsessed with how we do what we want in our careers and lives.

Over the next decade, reading thousands of books and writing thousands of pages of ideas, Geoff transformed his own career at Goldman Sachs and the the Carlyle Group, before leaving Wall Street to teach others to get what they want.

Bringing together Geoff's best ideas researched over fifteen years, this is the book he wished someone had handed him when this work began. To do what you want on Wall Street, this is the only book you will ever need.
