The Despair has plagued the earth for five years. Most of the world's population has inexplicably died by its own hand, and the few survivors struggle to remain alive. A mysterious, shadowy group called the Collectors has emerged, inevitably appearing to remove the bodies of the dead. But in the crumbling state of Florida, a man named Norman takes an unprecedented stand against the Collectors, propelling him on a journey across North America. It's rumored a scientist in Seattle is working on a cure for the Despair, but in a world ruled by death, it won't be easy to get there.
