## Empowering Students With Technology

*Expand classroom experiences and spark student excitement with learning adventures powered by technology!*

Demonstrating how technology can improve school performance, this second edition of the bestseller shows how computer and Internet technologies enhance students' critical thinking, research, and problem-solving skills; level the learning field for disadvantaged students; and open doors for children who are disabled. Offering more than 50 Web sites, plus new resources, practical lesson ideas, sample activities, more information about online learning, and real-world examples, this timely revision examines:

- Information literacy
- Learning in a globally connected community
- Increased access to information
- Applications for digital cameras, fax machines, cell phones, and more
