*Beyond the Learning Organization* will help executives, managers, and human resource professionals put the concepts of the “developmental organization” into practice. Experts in the field of human resource and organizational development, Jerry W. Gilley and Ann Maycunich examine how the latest advances in HR principles and practices (including recruiting, training, planning, career development, performance management, job design, and compensation and benefits) can be integrated to drive corporate renewal and growth. Ultimately, they outline a process for creating an organizational environment that is able to address a wide variety of competitive and strategic challenges, adapt to internal and external changes, and recognize and reward employees at all levels for contributing to corporate goals.
