In the world today, with the development of the knowledge-based economy and economic globalization, intellectual property is becoming increasingly a strategic resource in national development and a core element in international competitiveness. It's also a core resource for market entities to participate in the market competition. Therefore, the State Council of the People's Republic of China issued the Outline of the National Intellectual Property Strategy in 2008. In this Outline, intellectual property strategy is advanced to the point of China's significant strategy. It is formulated for the purpose of improving China's capacity to create, utilize, protect and administer intellectual property, so as to improve the nation's core competitiveness and meet the increasing material and cultural demands of the people. Intellectual property system is a basic system for developing and utilizing knowledge-based resources. The construction of intellectual property system is surely attached to talent construction. Developing Intellectual Property Human Resources is one of the important measures to implement national intellectual property strategy, which will greatly promote the development of the education and study on intellectual property in Chinese colleges and universities.
