## **Formative Assessment in Practice: A Process of Inquiry and Action (Assessment, Accountability, and Achievement Series)** Margaret Heritage

In this simple and straightforward book, Margaret Heritage presents a practical guide to formative assessment that skillfully weaves together theory and practice. Heritage's approach is distinctive in that it is grounded in a "children's rights" framework—that is, the belief that opportunities to learn, progress, and succeed should be available to all children equally. Accordingly, she addresses students' roles in monitoring their own learning and shows how to transform the classroom into a community of practice. *Formative Assessment in Practice* promises to be an invaluable resource for educators seeking to guide students toward more rigorous learning.

#### **Kristi Jones:**

As a scholar exactly feel bored to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just small students that has reading's internal or real their hobby. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading seriously. Any students feel that examining is not important, boring along with can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Formative Assessment in Practice: A Process of Inquiry and Action (Assessment, Accountability, and Achievement Series) can make you feel more interested to read.
