## **When Clowns Attack: A Survival Guide Chuck Sambuchino THEY'RE COMING FOR YOU**

Coulrophobia--the fear of clowns--is very real and for good reason. You might think these red-nosed jokers are creepy, sure, but certainly not dangerous. You'd be wrong. Clowns never reveal their real names, and dress to obscure their identities. The rules of civilized society don't apply to them (what other stranger could offer candy to children and get away with it?), they have countless places to hide weapons on their person, and their appearance is downright unnatural. Clowns are the scariest people on earth, and the truth is, they are coming for your valuables, your children, and your sanity.

In this comprehensive guide to self-protection from clown creepy, petty crime, and violence, Chuck Sambuchino--founder of the anti-clown group Red Nose Alert--delves into the terrifying clown underworld to provide the knowledge you need to know to protect yourself from these seemingly innocuous gagsmen, using his proven four-step system: ASSESS, ANALYZE, DEFEND, PROTECT. Included within are instructions on how to defeat a clown in close combat, tips for spotting the plainclothes clown, and tutorials for fully clown-proofing your home against these painted and bewigged warriors. Most importantly, you'll learn what to do when clowns attack... because it's only a matter of time before they do.

*From the Hardcover edition.*
