## **Tales of the Islanders (The Complete 4 Volumes) Charlotte Brontë**

This carefully crafted ebook: “Tales of the Islanders” contains the complete 4 volumes of tales in one collection and is formatted for your eReader with a functional and detailed table of contents.

The four volumes of tales collected here make delightful reading, while offering a unique insight into Brontë family life and Charlotte’s development as a writer: these are the stories she and her siblings imagined for their magic island kingdom. The stories are charmingly written in a very fairytale-esque style. They are written by a child and therefore are sometimes hard to follow when the stories make big turns, which force the reader to read them slowly and devour each sentence.

Charlotte Brontë (1816 – 1855), English writer noted for her novel Jane Eyre (1847) and sister of Anne Brontë and Emily Brontë. The three sisters are almost as famous for their short, tragic lives as for their novels. In their works they described love more truthfully than was common in Victorian age England. In the past 40 years Charlotte Brontë's reputation has risen rapidly, and feminist criticism has done much to show that she was speaking up for oppressed women of every age.
