Because it was originally bred as a fighting dog, today's typical American Pit Bull Terrier requires special training and handling by its owner. Canine expert Joe Stahlkuppe advises that not every Pit Bull is right for every home. This breed adapts best to homes where the dog owners maintain a structured lifestyle and regular habits. Although Pit Bulls typically form strong bonds with their owners, they are often aggressive toward other dogs, and sometimes hostile toward human beings they don't know. Stahlkuppe asserts that preventing aggression and fighting becomes a matter of limiting opportunity. He points out many ways and methods for limiting that opportunity, and goes on to offer a wealth of details for training and maintaining a happy, healthy, and friendly American Pit Bull Terrier.
