Gauguin (Spanish Edition) Jp. A. Calosse

Paul Gauguin fue primero un marino y luego un exitoso corredor de bolsa en París. En 1874 comenzó a pintar los fines de semana, como pasatiempo. Nueve años después, tras la caída de la bolsa de valores, se sintió lo bastante confiado en su habilidad para ganarse la vida pintando, que renunció a su puesto y se dedicó a la pintura de tiempo completo. Siguiendo el ejemplo de Cézanne, Gauguin pintó naturalezas muertas desde el principio de su vida artística. Incluso poseía una naturaleza muerta de Cézanne, que aparece en el cuadro de Gauguin Retrato de Marie Lagadu. El año de 1891 fue crucial para Gauguin. En ese año dejó Francia y se marchó a Tahití, donde permaneció hasta 1893. Su estancia en este país determinó su vida y trayectoria futuras, ya que, en 1895, después de pasar una temporada en Francia, volvió a Tahití para siempre. En Tahití, Gauguin descubrió el arte primitivo, con sus formas planas y los colores violentos de una naturaleza salvaje. Con sinceridad absoluta, los transfirió a sus lienzos. A partir de ese momento, sus pinturas reflejaron este estilo: una simplificación radical del dibujo, colores brillantes, puros y vivos, una composición de tipo ornamental y una deliberada falta de contraste en los planos. Gauguin bautizó su estilo como “simbolismo sintético”.
