[BookStrand Paranormal Romance] An ancient civilization with lost magic that could change the world... A desperate battle between two men and the woman they both want for different reasons. Danielle Taylor thought she was leaving behind the chaos of the big city, as well as the memory of her unfaithful boyfriend, when she bought the old country farm house on the internet, site unseen... However, the moment she stepped foot on the abandoned property, she was confronted with disturbing clues about the mysterious disappearance of its previous owner, a local professor at the nearby university. When she accidentally uncovers what is surely a priceless and stunning ceremonial mask, buried in secrecy on the grounds of the country estate, she begins to suspect the missing professor may have had more than a little accident in Peru. Even in her wildest dreams, she never thought she'd find herself standing inside the secluded and undiscovered ruins of a pre-Incan civilization, with a man who has unlocked the secrets of an ancient power, and who has opened her heart to a passion she never thought possible. \*\* A BookStrand Mainstream Romance
