**Transportation and Urban Land (Routledge Revivals)** Lowdon Wingo Jr.

Urban land is a precious resource and originally published in 1961, *Transportation and Urban Land* aims to create an approach to analysing and projecting its uses with a particular focus on the household sector. By considering matters such as employment centres, organisation and technology of transportation and marginal valuation of residential space, Wingo develops a model to estimate how much land is required for residential land uses. This title will be of interest to students of Environmental Studies and professionals.
