Dr. Cecilia—Ceci—Bradford at your service.

I dance, rock climb, and have mastered MMA, because just being a twenty-six-year-old doctor isn't enough. It doesn't keep me from remembering the terrifying night my life changed, the night my true love died. I was nearly seventeen.

Life goes on, but the secret I keep is that I still talk to him in my dreams. That was getting me by until Tabron showed up—or, more specifically, until the six-foot-two brute of a Viking whisked me off to another planet because his leader is dying. And the joy didn't end there. I'm being forced to choose a mate. The Brausa are facing extinction.

Tabron has no need for a mate, himself, and he's told me as much. Multiple times. What he does have are hands and wicked lips that stir feelings I thought lost forever. Choosing him (just to play along until I can find a way home) seems to irk him and I find this surprisingly fun. But surviving a hidden conspiracy and the dangers of this alien place might be more difficult than I could ever imagine...
