* The *V.A.S.S.T. Instant Series* features a visually oriented, step-by-step instructional style that effectively guides readers through complex processes. * Surround sound is rapidly displacing stereophonic sound as the accepted standard. * This low-price-point book is an easy buy to provide the reader a foundation in the technology that will serve them regardless of the software they chose. *Instant Surround Sound* demystifies the multichannel process for both musical and visual environments. This comprehensive resource teaches techniques for mixing and encoding for surround sound. It is packed with tips and tricks that help the reader to avoid the most common (and uncommon) pitfalls. This is the fifth title in the new *V.A.S.S.T. Instant Series*.

Music and visual producers can enhance the listening experience and engage their audience more effectively with the improved perceptive involvement of surround sound.

Record, process, and deliver effective and stunning surround sound to your listener with the aid of this guide. Packed with useful, accessible information for novice and experienced users alike, you get carefully detailed screenshots, step-by-step directions, and creative suggestions for producing better audio projects.
